LOCAL EVENT HIGHLIGHT

The Greensboro Experience Webinar

You do not want to miss this!

Dr. Sharon Morrison, a professor in the Department of Public Health Education at University of North Carolina Greensboro (UNCG) will be among the community and academic experts panel members from Greensboro in the Webinar. She will be representing the PHE/HHS faculty and student collaboration with communities for community-engaged research and work to address COVID-19 barriers.

More details below

SPEAKER SERIES

March 20, 2023

1 - 2PM EST

Telling Our Stories Through Quantitative Data: Collaborations with Community and Research Partners to Conduct Analyses of a National Secondary Data Set

This virtual speaker panel will describe **how to engage community members in the analysis of quantitative data**. The speakers, which include researchers, community partners, and policymakers from the Tribal Early Childhood Research Center, will describe the processes used to involve all partners in the psychometric analyses of secondary data from the American Indian and Alaska Native Family and Child Experiences Survey data. Topics will include:

- An overview of the Community of Learning approach used by the Tribal Early Childhood Research Center.

- A description of the cyclical processes used to engage all partners in the analysis of quantitative data.
- Hearing community partners describe their experiences with these processes
- Strategies for in-person and virtual implementation.

March 22, 2023

12 - 1:30 PM EST

Alignment, Accountability, and Sustainability in Community-Based Participatory Research

Reflecting on the history, innovations, and future of **Community-Based Participatory Research (CBPR)**, this dynamic webinar hosted by Community-Campus Partnerships for Health (CCPH) in collaboration with the Detroit Urban Research Center (URC) and the CBPR

Partnership Academy will discuss what CBPR in action looks like and how it challenges the status quo. Moderated by CCPH Executive Director, Al Richmond, the panel includes CBPR leaders in both community and academic settings who will examine the core values that brought them to and sustain them in this work.

University of
Pittsburgh

March 24, 2023

1 - 2:15 PM EST

Disaggregating AANHPI Data to Achieve Health Equity & Justice

Part 1: Native Hawaiian and Pacific Islander

Co-sponsored by the CEAL AANHPI Workgroup, this 2-part series will bring together public health leaders from Asian American (AA), Native Hawaiian (NH), and Pacific Islander (PI) (AANHPI) communities to discuss the ways that population-specific data aggregation perpetuates systemic racism and inequities and explore **recommendations for achieving data equity**.

April 4, 2023

12 - 2PM EST

The Greensboro Experience: A Public Health Lens on Refugee Disparity during a Pandemic

Greensboro, North Carolina was one of the first cities in the US to start **refugee resettlement with progressive programs** and an active community to combat the health inequities of refugees, particularly during the COVID-19 pandemic. This webinar includes a panel of community and academic experts from Greensboro including Dr. Sharon Morrison from the PHE/HHS department. She will be prespresenting the department faculty and student collaboration with communities for community-engaged research and work to address COVID-19 barriers.

The panel will discuss the impact COVID-19 has had on this minoritized community, reveal their unique barriers to COVID-19 vaccine uptake, testing and preventive measures, and **inspire equitable community engagement** with practitioners and researchers to include refugees in their research and work.

June 5-9, 2023

**Summer Intensive on
Community-Engaged
Scholarship**

Michigan State University's Office for University Outreach and Engagement is pleased to host the sixth annual Summer Intensive on Community-Engaged Scholarship. We welcome **community-engaged scholars and practitioners** with interests in community-engaged research and community-engaged teaching and learning, including service-learning, informal learning, and community-engaged research in courses. Through interactive workshops, field trips, lightning talks, case studies, panel discussions, and individual consultations, Summer Intensive participants **explore big picture issues related to community engagement** in a learning community setting and develop strategies and plans for their own successful engagement activities.
